- Inculcating in the young minds about their voluntary actions which will save or change the life of an unknown person or sector. Awareness of indispensable voluntary donation of blood at crucial times to save lives.
- Importance of precious, spontaneous, volunteering proclivity of donating blood; thus making oneself humane.
- Promoting the same congenial spirit in the peer group.
- Assuring the availability of any group of blood and their components to the needy people at any time.

The context

Now the need of blood has been increasing every moment of a minute. It is required during the emergency occasions like accidents, surgeries, to cure the chronic illness and also in the treatment of cancer and the like. The noble act of donating blood periodically is a great human gesture. The message that donating blood voluntarily is an important part on humans to express their concern or caring for the lives of other. In this fast way of living life, regular voluntary and healthy blood donors are needed in large numbers to make generous blood donations. It is a great humanitarian service to assure the hospitals,in a remote village that the required amount of blood of all groups available at a call even in odd hours; Life is precious but saving that life is adorable.

THE PRACTICE

The college Sang Bequest Club and Rotaract club motivate students to enthusiastically come forward to donate their blood to the needy in regular intervals. The college organizes blood donation camps and campaigns in collaboration with the voluntary social service organizations like Rotary clubs, Shahpur and hospitals. The Rotaract club in our college always come forward for people who need blood.
