ACADEMIC ADVISOR MESSAGE

CHIEF ACADEMIC ADVISOR
Prof. Yoginder Singh Verma
Former Vice Chancellor
Central University, H.P.
Dharamshala

Dear Students,
Integrated and holistic development of students' personality is possible if right type of knowledge, skills, attitudes, experiences and values are imparted. Highlighting the changing landscape of education, NEP 2020 stresses that education must focus 'less on contents' and more on learning about how to think critically and solve problems, how to be creative and multi-disciplinary, and how to innovate, adapt, and absorb new material in novel and changing fields. Pedagogy must evolve to make education more experiential, holistic, integrated, inquiry-driven, discovery-oriented, learner-centred, discussion-based, flexible, and, of course, enjoyable.

The curriculum must include basic arts, crafts, humanities, games, sports and fitness, languages, literature, culture, and values, in addition to science and mathematics, to develop all aspects and capabilities of learners; and make education more well-rounded, useful, and fulfilling to the learner. If you are looking for quality education, rest sure your choice of educational institution like Dronacharya PG College will fulfil your aspirations and shape your personality to your satisfaction.

All the best

PRINCIPAL'S MESSAGE

Dr. Parveen Kumar Sharma

In the words of Mahatma Gandhi, "Literacy in itself is no education. Literacy is not the end of education or even the beginning. By education I mean an all-round drawing out of the best in the child and man-body, mind and spirit."

I am very delighted to work with such an emerging and ever growing institution. I find each day an adventure of learning new experiences and an opportunity to constantly widen our horizons. It always gives me a great pleasure to work with dedicated, innovative staff, proactive management and to transact knowledge and experience with future generation. I admit the fact that on many occasion it is the students who make my life a little brighter. The holistic growth of each student is our first priority. We recognize that as we 'work together and learn together'. We firmly believe that our students are well prepared to face the future challenges and to become a productive member of the community. It is our aim to make our students resilient, creative and skillful so that they would remain dedicated to lifelong learning. The students at Dronacharya College are offered many opportunities to explore their interests and investigate new ideas. We offer many clubs, activities and a large variety of academics and cultural ventures. We believe in that education by which knowledge, skills and behavior makes an individual stable, adjustable and by which one can feel being as great student of Dronacharya. I wish all the students a grand success in their career and prosperity in their future.
