Inaugural of Blood Donation camp

To generate awareness on Blood Donation and its significance in saving lives during emergencies particularly during emergencies and accidents

BY RESPECTED CHIEF GUEST DR. SANDEEP MAHAJAN

Awareness of Blood Donation

To generate awareness on Blood Donation and its significance in saving lives during emergencies particularly during emergencies and accidents

It began at around 10 am and continued up to 2 pm, with a steady stream of donors throughout. The corridor of the first floor of the college was abuzz with young Dronas chatting with each other, happy to be able to play their part in lending a helping hand to people in the region

They were provided with milk, dry fruits, apples and frooties. It was great to see more people than pre-registration numbers turning up in the venue. This stretched the capacity of the blood bank, as a result of which the contact details of the donors were taken so as to allow them to donate at the earliest to the blood bank
