## **DRONACHARYA POST GRADUATE COLLEGE OF EDUCATION**

**"Where knowledge is Created, not Just Communicated."**

### **VISION**

Dronacharya envisions to nurture and train pupil-teachers with ethical values, vibrant knowledge and professional skills, so that they become a useful instrument in the national development and peace.

### **MISSION**

Total commitment to excellence in education and research with holistic concern for quality of life, environment and ethics, to engender this, Dronacharya has a passionate, enthusiastic, innovative and dynamic work force where in individual has been chosen on the basis of his/her talent and aptitude irrespective of age & designation.

## **Two Day Workshop**

**(9<sup>th</sup> & 10<sup>th</sup> February, 2024)**

**Venue: -B.Ed. Seminar hall**

Research and Extension Cell of Dronacharya PG College of Education, Rait organized two-day workshop on 'Research Methodology' IQAC & Assessment & Accreditation (NAAC) For Quality and Excellence in Higher Education. Two-day workshop '**Research Methodology**' was organized for M.Ed. students and was expected to cover five chapters i.e. Introduction, Review of Literature, Research Methodology, Analysis and Interpretation, Summary and Findings, References and Bibliography, Different Approaches of Research, Research Proposal and Research Ethics and Plagiarism.

### **Objectives of the Workshop:**

- To acquaint the students with basic research skills in education
- To help students understand basic elements required to write introduction, objectives, hypothesis, review of literature, research methodology, analysis and interpretation, summary and conclusion, references and bibliography
- To aware the students regarding different approaches of research
- To develop the competency for writing research proposal
- To develop the required research ethics in education
- To develop the competency of writing plagiarism free dissertation

### **Content:**

1. Research Methodology- Introduction, Review of Literature, Research Methodology, Analysis and Interpretation, Summary and Findings, References and Bibliography.
2. Different Approaches of research, Research Proposal, Research ethics and Plagiarism

**Session:**

1. Theory

**Resource Person (Internal & External):**

1. Principal Dr. Parveen Kumar Sharma
2. HOD Asst. Prof. Sumit Sharma
3. Dr. Anita Chandel
4. Dr. Ashwani Kumar
5. Asst. Prof. Sachin Pagrotra
6. Asst. Prof. Shikha Koundal
7. Mr. Shokt Ahmmed
8. Ms. Nitika Sharma
9. Ms. Lobzang Chhadan

## PROGRAMME LAYOUT

**Dronacharya PG College of Education Rait, Kangra HP**

*"Where knowledge is created not just communicated"*

(NAAC ACCREDITED-Grade-B)

**2- Days Workshop on Research Methodology**

**\*\*\*Programme layout\*\***

Sr. No	Topic	Chief Guest /Resource Person	Timings
	Stage Hosting	(Asst. Prof.) Anish Korla	10:00 am
1	Inaugural Lighting of The Lamp, Floral Welcome /Badges	Chief Patron & Chief Guest Mr. G.S. Pathania (Managing Director) Guest of Honor Dr. B.S. Pathania (Executive Director)	10:00am - 10-05 am
2.	Welcome Address	Dr. Anita Chandel	10: 05 am -10:10 am
Day 1 6-12-22	1 <sup>st</sup> Technical Session	Asst. Prof. Sachin Pagotra (Introduction ,Hypothesis and Objectives)	10:30am - 12: 00pm
Day 1 6-12-22	2 <sup>nd</sup> Technical Session	Asst. Prof . Shikha Koundal (Review Literature) Lunch Break	12:00 pm - 1:20Pm 1:20pm - 2:10 pm
Day 1 6-12-22	3 <sup>rd</sup> Technical Session	Dr. Anita Chandel (Procedure of Methodology)	2:10pm - 3:30 pm
Day 2 7-12-23	4 <sup>th</sup> Technical Session	Dr. Ashwani Kumar (Statistical Analysis)	10:05 am -- 11:40 am
Day 2 7/12/23	5 <sup>th</sup> Technical Session Lunch Break	Asst. Prof. Sumit Sharma (Summary,Findings) Lunch Break	11:45am -1:10 pm 1:10p - 2:00 pm
Day 2 7/12/23	6 <sup>th</sup> Technical Session	Principal (Dr.)Parveen Kumar Sharma , (References /Bibliography) Any Query Valedictory ( Group Photo)	2:00pm -3 :30 pm

## **DUTY CHART**

### Dronacharya P.G. College of Education Rait, Kangra HP Duty Chart for 2-Days workshop on Research Methodology

The following faculty members are deputed to perform the following duties for two days Research Methodology Workshop for M. Ed. Students "ANVESHAN -3" from 6<sup>th</sup> & 7<sup>th</sup> December 2023. Venue: Old Seminar Hall B.Ed. Block

1	Stage Host	Mr. Anish Korla	
2	PA System and LCD Panel Setting	Mr. Kuber Rana	All Sessions
3	Stage ,Decoration ,Bouquet Badges and Felicitation,Lighting Lamp	Mrs. Shalini And Ms.Bhavna Sharma (Day first ) Mrs. Parul Sharma (Day 2 <sup>nd</sup> )	
4	Slide	Dr. Ashwani Kumar	
5	Refreshment	Mr. Abhishek Kumar	
6	News and Media	Mr. Amit Kumar Shrama	
7	Report Making	Ms. Indu Sharma	
8	Photography	Mr. Balsher Ji	
9	Vote of thanks		
	Attendance of the students	Mr. Shashi Kumar	
10	Feedback	Mrs. Parul

**TWO-DAY WORKSHOP**  
**ON**  
**RESEARCH METHODOLOGY**

**'ANVESHAN-3'**

**Day-1**

**(9<sup>th</sup> February, 2024)**

**Inaugural Session:**

A Two-Day Workshop was organized by Research and Extension Cell for quality and excellence in higher education on 9<sup>th</sup> and 10<sup>th</sup> February, 2024 with the theme of 'ANVESHAN-3' for M.Ed. students. The Chief Guest of the workshop was Mr.G.S.Pathania and Special Guest of Honour was Dr. B.S.Pathania. The session begins with chanting of goddess saraswati mantras, during which Managing Director, Executive Director and all resource person lightened the lamp in front of goddess Saraswati. Programme was initiated by Mr. Anish Korla. Bouquet were given to chief guest and special guest of honour. Dr. Anita Chandel welcomed chief guest, special guest of honour, resource persons, faculty and all participants. Dr. B.S.Pathania aware the students about importance of research in education and focused on publication of qualitative research papers.

***Lighting of the lamp by Managing Director Mr.G.S.Pathania & Executive Director Dr. B.S. Pathania, Principal Dr. Parveen Kumar Sharma and other resource persons***

***A Bouquet was given to chief guest by Principal Dr. Parveen Kumar Sharma, HOD M.Ed. and B.Ed. and Coordinator of Research and Extension Cell***

The 1<sup>st</sup> technical session was initiated by Asst. Prof. Sachin Pagotra on Introduction, Hypothesis and Objectives. Firstly, he focused on Purpose of Writing Introduction in which he included what and why introduction is important in research work. He clarified the concept of Scope in education research. He elaborated the Core Components of introduction part that are Opening Section, Background to the Study, Research Problem, Research objectives, Significance and Delimitations. He said that the researcher should pinpoint the major focus of his research and break down his research focus into research objectives and the research objectives should be written in smart format. Objectives should be Specific, Measurable, Achievable, Relevant and Time based. He also gives some tips to write research objectives that objectives should be concise, limited, realistic and in which researcher use action verbs (assess, determine, calculate, compare, explain, describe), ask for feedback, give proof reading and review objectives. He told the need of hypothesis in research and elaborated Independent variable and Dependent variable in hypothesis and differentiate alternative and null hypothesis in research. For developing hypothesis researcher can ask a question which is focused, specific and researchable and can do some preliminary research and formulate research hypothesis according to his topic.

***Asst. Prof. Sachin Pagotra acquainted M.Ed. students with Introduction, Objectives and Hypothesis during 1<sup>st</sup> technical session***

There was a tea break after 1<sup>st</sup> technical session in which tea and biscuits were provided to resource person and all the participants.

In 2<sup>nd</sup> technical session, Asst. Prof. Shikha Koundal explained about Review of Literature in which she covers purpose, types, sources and steps of literature. Firstly, she clears the concept of review of literature in which she told that literature review is the documentation of a comprehensive review of the published and unpublished work from primary or secondary sources of data in the areas of specific interest to the researcher. The purpose of review to identify the concepts relating to it, potential relationships between them and to formulate researchable hypothesis and to identify appropriate methodology, research design, methods of measuring concepts and techniques of analysis. She described the two types of literature that are critical and allied literature. She focused on primary sources (report, thesis, e-mails, conference, company report, government publication, interview) and secondary sources (newspapers, books, journals, internet) of literature. She

elaborated that a researcher can follow different steps to review literature- finding and searching (Google Scholar, Medline, Research gate, Shodhganga, Elsevier), thematic organization, more reading, write individual sections, integrate sections and review of literature.

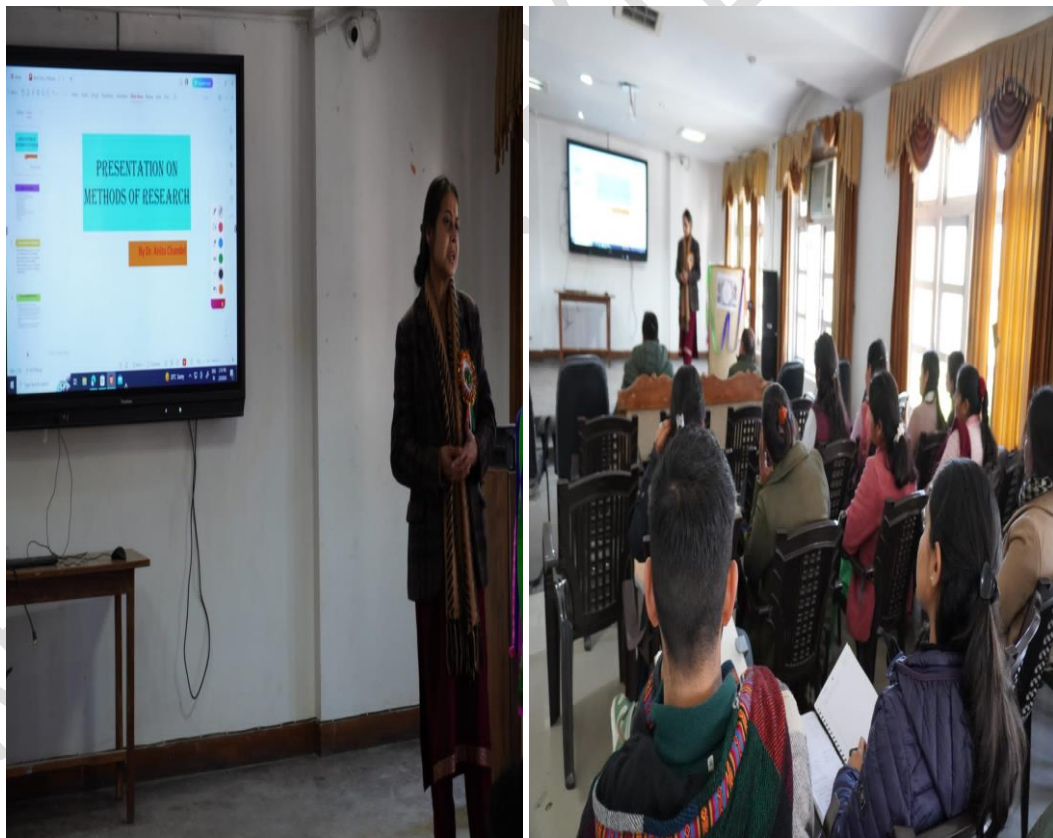

***Asst. Prof. Shikha Koundal familiarize M.Ed. students about Review of Literature during 2<sup>nd</sup> technical session***

After completion of two technical sessions there was lunch break for all resource's persons and participants.

In 3<sup>rd</sup> technical session, Dr. Anita Chandel acquainted students with the term Research Methodology that it is the way in which research problems are solved scientifically. She further described different types of research that are pure and applied research, exploratory or formulative research, descriptive research, diagnostic study, evaluation studies, action research, experimental research, analytical study or statistical method, historical research, surveys and case study. After that, she elaborated one by one all types of research- Pure research is the study of search of knowledge and its main purpose to integrate previously existing theories and applied research is

the study of finding solution to a problem and its main purpose to offers solution to many practical problems. Exploratory research is used to generate new ideas. Descriptive research is a fact-finding investigation with adequate interpretation. The aim of diagnostic study to identify the causes of a problem and the possible solutions for it. The purpose of evaluation study to assess the quality and quantity of an activity and its performance. Action research is a reflective process to improve the way they address issues and solve problems. Experimental research is a systematic and scientific approach in which the researcher manipulates one or more variables and controls and measure any change in other variable. The purpose of historical research to draw explanations and generalizations from the past trends in order to understand the present and to anticipate the future. She differentiated three types of variables- dichotomous, discrete and continuous with relevant examples and lastly, show the process or steps of research through qualitative and quantitative research.

***Dr. Anita Chandel accustomed M.Ed. students about Methods of Research during 3<sup>rd</sup> technical session***

After completion of 3<sup>rd</sup> technical session, refreshment was given to M.Ed. students, resource persons and all faculty members in which tea and rissole were provided to all.

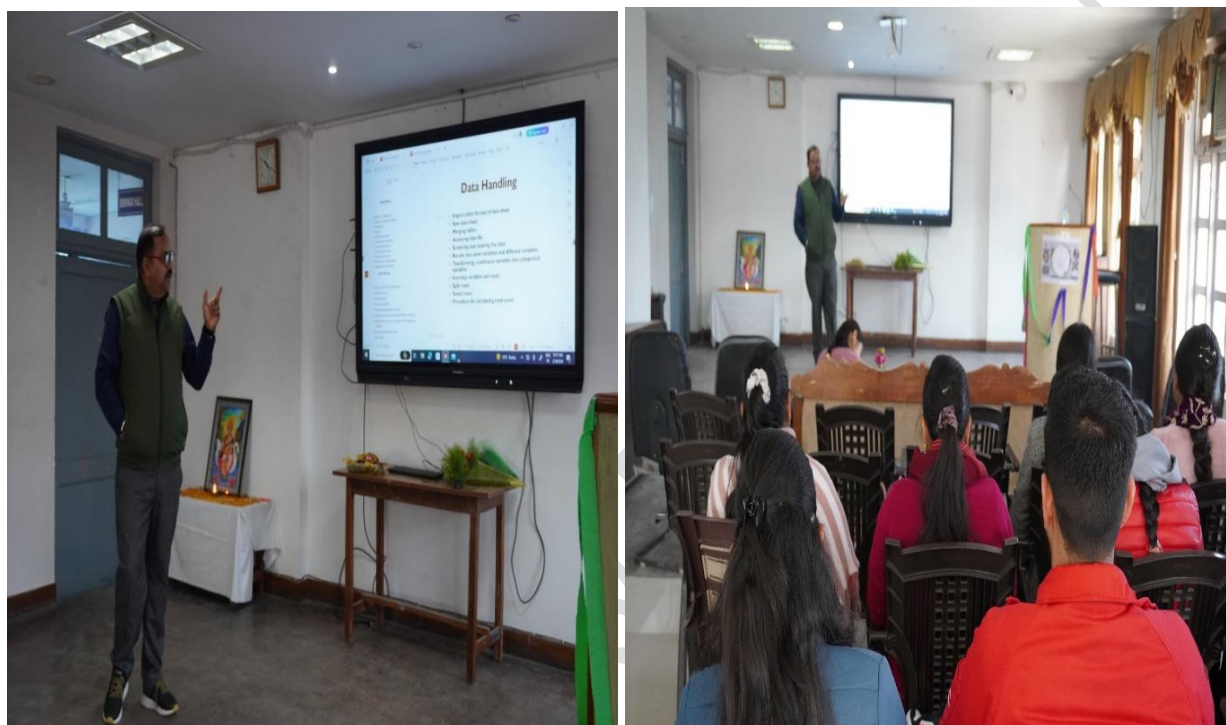

***Refreshment was given to M.Ed. students, resource persons and all faculty members in which tea and rissole were provided to all***

## **Day-2**

**(10<sup>th</sup> February, 2024)**

On second day 10<sup>th</sup> August, 2024 Two-day workshop ‘ANVESHAN-3’ was initiated by Dr. Anita Chandel. She welcomed all the participants. The 4<sup>th</sup> technical session was commenced by Dr. Ashwani Kumar on Statistical Analysis in research. He firstly focused on basics of research in which he told about basic concepts of statistics, population, sample, data measurement, sampling procedure and preparing questionnaire. He explained about data handling and data visualization through diagrams and tables, measure of central tendency and dispersion. He further described the process of data interpretation that how can a researcher organize, reduce and analysis the data step-by-step. Analysis can be done in two forms- quantitative and qualitative. He asserted that qualitative data interpretation method is used to analyze qualitative data or categorical data and quantitative data method is used to analyze quantitative data or numerical data. Analysis can also be of two types that are descriptive and inferential analysis. In descriptive analysis, researcher can

use mean, median, mode percentage, frequency, range and standard deviation. In inferential analysis researcher can use two types of test that are parametric test (T-test, Z-test, Anova, Pearson, Correlation) and Non-parametric test (Chi-square, Spearman Rank correlation, Man Whitney (U-test), Kruskal-Wallis (H-test). He also differentiated parametric and non-parametric test, Univariate and Bivariate Analysis, Simple and Multiple Regression Analysis.

***Dr. Ashwani Kumar apprised M.Ed. students of Statistical Analysis during 4<sup>th</sup> technical session***

After that, External Resource Person from CUHP took the session on different research topics. Mr. Shokat Ahmed (Research Associate ICSSR Project) shared his ideas on Different Approaches of research. He said that research is a systematic investigation in which researcher find something new or add something in previous research by following two questions what to learn? And how to teach? He focused on different ancient researchers that how they play an important role in research part and besides it emphasized on indigenous knowledge system in National Education Policy. He elaborated about knowledge and sources of knowledge and said that development of science in modern era is possible through research.

***Mr. Shokat Ahmed shared his views on Different Approaches of Research with M.Ed. students***

Ms. Lobzang Chhadan (Research Associate ICSSR Project) expressed her views on Research Proposal Design. She told about the stages of teaching and clarify the concept of research proposal that it is the outline of document. There are two types of research proposal that are external and internal- external research proposal is related to non-academic part and internal research proposal is related to academic part. She further described the steps of research proposal in which she includes Title Page, Introduction, Statement of Problem, Operational definitions of Problem, Objectives, Literature Review, Research Methodology and References.

***Ms. Lobzang Chhadan expressed her ideas on Research Proposal with M.Ed. students***

Ms. Nitika Sharma (Doctoral Fellow) shared her thoughts on Research Ethics and Plagiarism. She explained that a researcher should follow different research ethics during their research that are honesty, carefulness, respect for intellectual property, privacy, openness, social responsibility and law. She further clarified the term plagiarism and how can researcher prepared their thesis free from plagiarism. Plagiarism is using someone else's work without giving them proper credit. She aware the students about types of plagiarism that are direct, self, mosaic and accidental plagiarism. She described the consequences of plagiarism that are lack of awareness, lack of copyright of privacy policy, inefficient language skills, poor understanding of citation principles, psychological factor and pressure. She highlighted some apps like Turnitin, Duplichecker through which researcher can check plagiarism in his or her research.

***Ms. Nitika Sharma aware M.Ed. students about research ethics and plagiarism in research***

In 5<sup>th</sup> technical session, HOD Asst. Prof. Sumit Sharma shared his views on Summary, Findings and Conclusion. He said that in this chapter researcher should have review all the information that has been presented in previous section. Researcher should have included in summary chapter the statement of problem, objectives, hypothesis, delimitation of the study, operational term defined,

methodology, sample, research tool, statistical technique used, finding, conclusion, educational implications and suggestions for further study.

***HOD Asst. Prof. Sumit Sharma familiarize M.Ed. students about Summary, Findings and Conclusion during 5<sup>th</sup> technical session***

In 6<sup>th</sup> technical session, Principal Dr. Parveen Kumar Sharma expresses his views on References and Bibliography and his main focus was on APA Style 7<sup>th</sup> Edition. Firstly, he introduced about APA and its format and paper sections which included title page, abstract, introduction, literature review, methods, results/ findings, discussion and references. He gave them some guidelines regarding citation in-text. He described about paraphrases that allow the author to condense information and synthesize ideas from multiple sources. He aware the students about un-paginated sources and clarified that how can we mention multiple authors, unknown author, two or more works in the same parenthetical reference. He further told about the format of references, references elements and how can a book, journal article and resources cited in references.

***Principal Dr. Parveen Kumar Sharma acquainted M.Ed. students with References and Bibliography during 6<sup>th</sup> technical session***

### **Valedictory Session:**

Queries and doubts of students related to their concerned criteria were resolved by resource person. The chief guest of Valedictory session was Executive Dr. B.S.Pathania. He congratulated all the participants and resource persons for completion of two-day workshop successfully. Students of M.Ed. shared their experience during two-day workshop with chief guest. All resource persons of two-day workshop were felicitated with Pahari topi by chief guest. Mr. Mukul Pathania, M.Ed. 1<sup>st</sup> year student proposed a vote of thanks to Managing Director Sh.G.S.Pathania, Executive Director Dr.B.S.Pathania, Principal Dr.Parveen Kumar Sharma, Resource Person-cum-IQAC Coordinator Dr. Anita Chandel and Asst. Coordinator Mr. Anish Korla and all the resource persons and participants for participating in two day workshop and making this programme a successful one. Programme ended with a group photograph. At the end of workshop refreshment was provided to all M.Ed. students, resource persons and faculty members.

***Chief Guest of Valedictory Session Executive Director Dr.B.S.Pathania congratulated all the participants and resource persons***

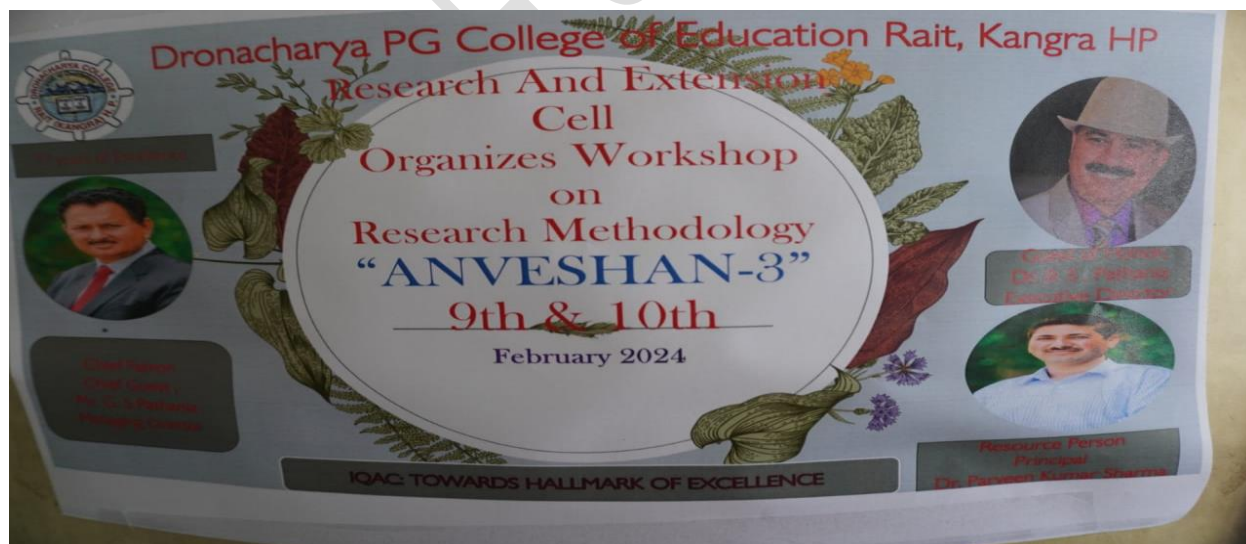

***All internal resource persons felicitated with Pahari Topi by Chief Guest Dr. B.S.Pathania in Valedictory session***

*A group photograph with all participants at the end of two-day workshop*

## **GLIMPSE OF THE EVENT**

*Slide of Two-day Workshop 'ANVESHAN-3'*

**All students of M.Ed. 1<sup>st</sup> and 2<sup>nd</sup> year attended Two-day Workshop 'ANVESHAN-3' with Chief Guest and Guest of Honour, Principal and Resource Persons**

***A Bouquet was presented to Principal Dr. Parveen Kumar Sharma and Mr. Shokat Ahmed***

***A Bouquet was presented to Ms. Nitika Sharma and Ms. Lobzang Chhadan***

***Refreshment (tea and biscuit) was given to M.Ed. students on second day of workshop***

***M.Ed. students listened the session of resource person carefully***

***Executive Director Dr. B.S.Pathania felicitated external resource persons with Pahari Topi***

***Group photograph of M.Ed. students with Executive Director Dr. B.S.Pathania and resource persons***

### **Outcomes of the Workshop:**

- Workshop has developed clear idea about the chapters of dissertation.
- Students are acquainted with basic research skills in education
- Students understood the basic elements that are required to write introduction, objectives, hypothesis, review of literature, research methodology, analysis and interpretation, summary and conclusion, references and bibliography
- Students aware about different approaches of research
- Students developed the competency for writing research proposal
- Students familiarized about research ethics in education
- Workshop developed the competency of writing plagiarism free dissertation among students

### **Suggestions:**

- More participation of students should be there.
- These types of workshops should be conducted frequently.
- More activities should be included related to topic.
- Main points should be summarized at the end of discussion.
- Physical environment of classroom should be more colorful and creative.
- More demonstration part should be there related to topic.

### **Expenditure:**

The Research and Extension Cell organized Two Day Workshop for M.Ed. students on 9<sup>th</sup> and 10<sup>th</sup> February, 2024. The estimated budget for the workshop was Rs. 6000 included Tea, Biscuit, Samosa and Pahari Topi.
