ACADEMIC ADVISOR MESSAGE

CHIEF ACADEMIC ADVISOR
Prof. Yoginder Singh Verma
Former Vice Chancellor
Central University, H.P.
Dharamshala

Dear Students,
Integrated and holistic development of students' personality is possible if right type of knowledge, skills, attitudes, experiences and values are imparted. Highlighting the changing landscape of education, NEP 2020 stresses that education must focus 'less on contents' and more on learning about how to think critically and solve problems, how to be creative and multi-disciplinary, and how to innovate, adapt, and absorb new material in novel and changing fields. Pedagogy must evolve to make education more experiential, holistic, integrated, inquiry-driven, discovery-oriented, learner-centred, discussion-based, flexible, and, of course, enjoyable.

The curriculum must include basic arts, crafts, humanities, games, sports and fitness, languages, literature, culture, and values, in addition to science and mathematics, to develop all aspects and capabilities of learners; and make education more well-rounded, useful, and fulfilling to the learner. If you are looking for quality education, rest sure your choice of educational institution like Dronacharya PG College will fulfill your aspirations and shape your personality to your satisfaction.

All the best
